MEMORANDUM FOR: Deputy Chief, CI Staff

25X1A9a THRU : [redacted]

FROM : OTR/OS/HT

SUBJECT : Clearance to Use CIA Training Films in Training of Personnel of USAF Office of Special Investigations

1. In response to a request by the USAF Inspector General, Office of Special Investigations (OSI), the Office of Training is preparing a course of Counterintelligence instruction to be given by OTR to officers of the OSI. Among other subjects, OSI has asked for rather substantial training in operational security and tradecraft subjects. In order to make this training most effective it is most desirable that CIA-produced training films on appropriate subjects be made available to the training staff for their use in this training program. The training films under consideration are:

25X1A14b [redacted]

2. The records of OTR/TAS reflect the fact that the films listed as items 1a, b, c, d, and e above have been released for and loaned on a permanent retention basis to the USAINTS, thus establishing a precedence for the use of the films for training members of US military services. It is suggested that items 1f and 1g are not significantly different from the others to warrant their being withheld from this use.

Remarks:

25X1A9a [redacted] called me at 1400 today saying: WAs I remember [redacted] was going to find the booklet on [redacted] I wonder what the status is. I want to get on with it, and if it is not available to you, please let me know so I can start to trace it through OCR." I told him I didn't know the status but that you would contact him "soonest." I also asked him to trace our paper to [redacted] on the release of the films, and he agreed to do so. In the conversation, George said he is getting some indication of very strong concern on the development of the OSI course from [redacted] who believes this is to be "the key" to cracking the OSI liaison, etc.

Remarks:

As I told you, I told George today where he might look for copies of the booklet [redacted] (He told me later in the day he had found about a foot and a half file on the subject in R&A, and he didn't know yet what was in it.

I told him we got the paper on the films, attached. Arch assumes, and I agree, that the initials on the routing sheet sonstitute concurrence, although no one comes out and says so. (Arch had this in his in basket, incidentally, as of today.)

I also confirmed to George the fact that [redacted] (OVER)

had a copy of the curriculum by blocks of subject and time with fairly explicit descriptions. I said I didn't think we could go farther in scheduling until that was approved and sprung, and he agreed. He will try to pry it loose.

I told you he offered to do any leg work needed at Langley.

Arch says to guard this paper on the films with great vigilance.
